RESULTS OF THE VOTING
AT THE TOWN MEETING
MARCH 10, 1987

Article 1. The following Officers were elected:

Selectman for Three Years	Richard L. Lane
Town Auditor for Two Years	Raphael W. Haley
Trustee of Trust Funds for Three Years	Arthur J. Boufford
Trustee of Carpenter Home for Three Years	Judith J. Lefebvre
Trustee of Carpenter Home for One Year	Roger W. Conway
Old Home Day Committee for Three Years	Robert P. Fournier
Board of Adjustment for Three Years	Charles R. Beauregard, Sr.
	Jackson Gemmell
Library Trustee for One Year	Robert J. Kenney
Sewer Commissioner for Three Years	Glenn W. Page

The Polls were open from 4:30 P.M. to 9:50 P.M.

The meeting opened for regular business at 7:00 P.M. at Monadnock Regional High School on Tuesday, March 10, 1987.

Article 2. It was voted to raise Two Hundred Sixty Three Thousand, Five Hundred Dollars to defray town charges for the ensuing year and make appropriations of the same.

Town Officers Salaries	\$100,000.00
Town Officer's Expenses	30,000.00
Election Expenses	2,500.00
Whitcomb Hall Expenses	4,500.00
Town Hall Expenses	7,500.00
Insurance	90,000.00
FICA	24,000.00
Legal Expenses	5,000.00
	<hr/>
	\$263,500.00

Article 3. It was voted by ballot to accept the provision of Chapter 171A of the Revised Laws relative to the playing games of Beano in Swanzey in accordance with the provisions of Chapter 292 of the Sessions Laws of 1949.

Yes 224

No 48

Article 4. It was voted to authorize the Selectmen and Treasurer to borrow such sums of money as may be necessary in anticipation of the collection of taxes for the current municipal year, and to issue in the name and on the credit of the Town negotiable notes therefor, said notes to be repaid during the current year.

Article 5. It was voted to raise and appropriate the sum of \$10,000.00 to defray interest charges on temporary loans during the ensuing year.

Article 6. It was voted to accept the sum of \$77,324.63 from the New Highway Aid Program of the State of New Hampshire. Said funds to be expended for highway aid purposes under Article 7.

Article 7. It was voted to raise and appropriate the sum of \$300,000.00 for expenses of maintaining the highways and bridges and use the estimate of \$77,324.63 accepted in Article 6 to reduce the amount to be raised by taxes.

Article 8. It was voted to raise and to appropriate the sum of \$20,000.00 to add to the Capital Reserve Fund for heavy highway and cemetery maintenance equipment.

Article 9. It was voted to raise and appropriate \$20,000.00 for the purchase of a new four wheel drive dump truck \$661.00 to be drawn from the remaining Revenue Sharing Funds and \$19,339.00 to be withdrawn from the Capital Reserve Fund established for that purpose by vote of the Town.

Article 10. It was voted to authorize the Selectmen with the approval of the Road Agent, to expend as much or all of the Capital Reserve Fund for highway and cemetery maintenance equipment as they deem to be in the best interest of the Town for new equipment or the replacement of any one or more of the Swanze highway or cemetery maintenance equipment.

Article 11. It was voted to raise and appropriate the sum of \$45,000.00 for the operation of the Refuse Disposal Facilities.

Article 12. It was voted to raise and appropriate the sum of \$18,726.36 for support of the Southwest Solid Waste Management District 149-M and 53-B Subdistrict.

Article 13. It was voted to authorize the Selectmen to negotiate with private contractors for the operation of the Swanze Solid Waste Disposal Facilities and negotiate a contract for said operation if, in the judgement of the Selectmen, it is in the best interest of the Town to do so.

Article 14. It was voted to raise and appropriate the sum of \$92,000.00 for the maintenance of the Police Department.

Article 15. It was voted to raise and appropriate the sum of \$12,500.00 for a new police cruiser.

Article 16. It was voted to accept any funds reimbursed to the Town for Civil Defense activity and place said funds in the Capital Reserve Fund for the purchase of Civil Defense equipment.

Article 17. It was voted to authorize the Selectmen, with the approval of the Town Civil Defense Director, to expend as much or all of the Capital Reserve Fund for Civil Defense Equipment as they deem to be in the best interest of the Town for the purchase of Civil Defense Equipment.

Article 18. It was voted to raise and appropriate the sum of \$1,500.00 for Civil Defense, placing any unused portion of this sum at year's end into the Capital Reserve Fund.

Article 19. It was voted to raise and appropriate the sum of \$62,900.00 for the maintenance of the Fire Department.

Article 20. It was voted to raise and appropriate the sum of \$25,000.00 to add to the Capital Reserve Fund for the replacing of Swanze Fire Trucks.

Article 21. It was voted to place in the Fire Department Equipment Capital Reserve Fund any balances remaining in the Fire Department annual appropriation and any funds received from the sale of surplus equipment.

Article 22. It was voted to raise and appropriate \$7,000.00 to repair the old roof of the West Swanze Fire Station.

Article 23. It was voted by "Yes or No" ballot to raise and appropriate \$109,642.00 for a fire truck for East Swanzey. \$72,051.00 to come from the Capital Reserve Fund for replacing Swanzey Fire Trucks and \$37,591.00 from taxation.

Yes 160

No 92

Article 24. It was voted to authorize the Selectmen, with the approval of the Board of Fire Engineers and Fire Chief to expend as much or all of the Capital Reserve fund for the replacement of fire trucks as they deem to be in the best interest of the Town for the replacement of any one or more of the Swanzey fire trucks.

Article 25. It was voted to raise and appropriate the sum of \$25,000.00 for Town Poor.

Article 26. It was voted to raise and appropriate the sum of \$28,000.00 for the Home Health Care and Community Services, formerly known as Swanzey District Nurse Association, Inc., in order that they may purchase nursing services for the ensuing year.

Article 27. It was voted to raise and appropriate a sum not to exceed \$3,210.50 to fund the delivery of meals to elderly and handicapped shut-in citizens of Swanzey sponsored through Home Health Care and Community Services.

Article 28. It was voted to continue to contract with the City of Keene to provide emergency ambulance service and appropriate the sum of \$26,000.00 for said service.

Article 29. It was voted to raise and appropriate the sum of \$4,143.20 to support the services of the Community Mental Health Clinic of the Monadnock Family and Mental Health Service and services operating under the provisions of the Community Mental Health Services Act of New Hampshire with State grant-in-aid.

Article 30. It was voted to raise and appropriate the sum of \$23,200.00 for the support of the Swanzey Libraries, \$6,500.00 for the Stratton Free Library and \$16,700.00 for the Mt. Caesar Union Library.

Article 31. It was voted to raise and appropriate the sum of \$4,000.00 to add to the Capital Reserve Fund to be used for future construction of an addition to the Mt. Caesar Union Library.

Article 32. It was voted to raise and appropriate the sum of \$10,285.80 as the Town's share of the studies and operation of the Southwest Region Planning Commission. \$5,000.00 of this amount to be used to update the Town's Master Plan.

Article 33. It was voted to raise and appropriate the sum of \$15,500.00 for the upkeep of cemeteries to be under the supervision of the Road Agent.

Article 34. It was voted to raise and appropriate the sum of \$2,025.00 (45 hydrants at \$45.00 each), same to be paid to the North Swanzey Water and Fire Precinct for hydrant service furnished in that part of Town.

Article 35. It was voted to raise and appropriate the sum of \$12,650.00 for Street Lighting.

Article 36. It was voted to install two street lights. One light to be installed at the corner of California Street and Route 10 on the easterly side, one light to be installed at the corner of North Winchester Street and Route 10. Cost of installing two lights would be approximately \$150.00 (By Petition)

Article 37. It was voted to raise and appropriate the sum of \$23,650.00 for parks and playgrounds.

Article 38. It was voted to raise and appropriate \$5,000.00 to provide a series of mylar overlay maps delineating the Town's natural resources and land capabilities in support of Town Land Use Planning. \$1,000.00 of said amount to be reimbursed by the Town Conservation Commission. Said maps to be available to all Town Boards. (Article presented by request of Town Boards.)

Article 39. It was voted to raise and appropriate the sum of \$500.00 for Old Home Day.

Article 40. It was voted to raise and appropriate the sum of \$500.00 for Memorial Day.

Article 41. It was voted to raise and appropriate the sum of \$36,245.00 principal and interest to pay the State's share of the bond issue for the West Swanzey Sewage System, the State to reimburse the Town \$30,287.00 principal and interest on this bond.

Article 42. It was voted to raise and appropriate the sum of \$41,437.50 principal and interest for the FHA Bond Issue covering the Town's share of the West Swanzey Sewage System.

Article 43. It was voted to raise and appropriate \$41,700.00 for the operation of the West Swanzey Treatment Facility for 1987.

Article 44. It was voted to authorize the Sewer Commission to add to the Capital Reserve Fund for repair and replacement of the West Swanzey Sewage System and to authorize the sum of \$3,500.00 to be taken from a 1986 surplus in the sewer operating account.

Article 45. It was voted to raise and appropriate the sum of \$23,051.70 to reimburse the City of Keene for Swanzey's share of the Capital costs of the Keene Sewage Treatment Facility to date through 1987.

Article 46. It was voted to authorize the Selectmen to sell at public auction any tax-deeded property owned or received by the Town.

Article 47. It was voted to authorize the Selectmen to apply for, accept and expend without further action by the Town Meeting, money from State, Federal or other governmental unit or private source which becomes available during the year as noted in RSA 31, as amended.

Article 48. It was voted to raise and appropriate \$120,000.00 for reassessment of Town property.

Article 49. It was voted to raise and appropriate the sum of \$500.00 for the general support of the Grand Monadnock Arts Council.

Article 50. It was voted to raise and appropriate the sum of \$10,000.00 to hire an Administrative Assistant for the Selectmen.

Article 51. It was voted to adopt the alarm system provisions as described:

ALARM SYSTEMS

It shall be unlawful for any person or person's to have on any premise a burglary and/or robbery alarm, unless there is filed at the police department a current listing of the telephone numbers at which the person or persons authorized to enter such premises to turn off such alarm can be reached at all times. (Will be a violation.)

FALSE ALARMS

For a third response to a premises within six (6) months after a second (2) response and for all succeeding responses within six (6) months of last response a fee of twenty-five dollars (\$25) shall be charged by the Town of Swanzey, and if such third (3) false alarm or any such succeeding false alarm is as a result of failure to take necessary corrective action prescribed by the Chief of Police, said Chief of Police may order the disconnection of such alarm system and it shall be unlawful to reconnect such alarm system until such corrective action is taken.

Article 52. It was voted to raise and appropriate \$10,000.00 to cover possible legal fees and to authorize and require the Selectmen immediately:

(1) to cause the City of Keene to construct, operate and maintain its sewer plant, located at the Dillant-Hopkins Airport, and all related activities in conformity with all ordinances, regulations and statutes applicable to the construction, operation and maintenance of the plant and related activities including, but not necessarily limited to, Swanzey Site Plan Review permit; Swanzey Zoning Ordinance; Swanzey Wetlands Regulation; New Hampshire and Federal air, water, noise, airport and health provisions;

(2) to cause the City of Keene to abate the public nuisance, intolerable odor, and health hazard associated with operation of sewer plant and related activities;

(3) to take whatever action is necessary to effectuate their authority herein including but not necessarily limited to, instituting legal action against the City of Keene, seeking imposition of damages, injunctive relief, criminal fines and penalties, and filing complaints and protests with regulatory boards, commissions and agencies.

(By Petition)

Article 53. It was voted to instruct the Town's representatives to the General Court to take all necessary measures to insure that no radioactive waste from any nuclear plant shall be stored or disposed of within this Town of Swanzey, New Hampshire unless and until the proposed site of the proposed storage or disposal has been approved by the voters of the Town at the annual Town Meeting by written ballot. (By Petition)

Article 54. It was voted to accept from the Historical Committee a deed for the museum building that is on Town property.

Article 55. It was voted by ballot to accept the proposed amendments to Swanzey Zoning Ordinance and changes in Swanzey Mobile Home Ordinance as follows:

I. Eliminate the Swanzey Mobile Home Ordinance, adopted in 1972, as amended. Regulations governing the installation and operation of manufactured housing parks (mobile home parks) will be added to the Swanzey Subdivision regulations.

Yes 187

No 137

II. Eliminate Section VI-General District Uses and to amend the Swanzey zoning Map to change all areas now zoned General to Rural Agricultural.

Yes 218

No 101

III. Add to Section IV - Rural Agricultural District - Uses Permitted:
9. Manufactured Housing on individual lots, provided they meet the requirements of the district and all other pertinent requirements of this ordinance.

Yes 233

No 93

IV. Add to Section IV - Rural Agricultural District - under Uses permitted by Special Exception:
Manufactured Housing parks may be allowed if they meet all the requirements of the Swanzev Subdivision Regulations.

Yes 188

No 137

V. Eliminate #10 A - Section III - reference to Swanzev Mobile Home Ordinance. (This is a procedural change.)

Yes 174

No 106

VI. Add the following to uses permitted by Special Exception on the REsidential and Commercial Zones;
Upon written application to the Board of Adjustment setting forth reasonable cause for the temporary use of a trailer or manufactured housing, the board may issue a permit for a period not to exceed 6 months. No permit shall be required for the temporary use of any travel trailer for a period not exceeding two weeks.

Yes 229

No 94

VII. Eliminate new two family houses as an allowable use in all districts.

Yes 184

No 136

VIII. Add to uses allowable by Special Exception in all districts:
Two family houses may be allowed if they meet the following requirements and all other pertinent requirements of this ordinance:
Lots for two family houses shall have a minimum of 1 1/2 acres and have 150 ft frontage on a town maintained road.

Yes 239

No 83

IX. Eliminate Section XVII - Flood Plain Regulations - add adopt the following Flood Plain Regulations:
The following regulations shall apply to all lands designated as special flood hazard areas by the Federal Emergency Management Agency in its "Flood Insurance Study for the Town of Swanzev, NH" together with the associated Flood Insurance Rate Maps and Flood Boundary and Floodway maps of the Town of Swanzev, dated May 5, 1981 which are declared to be a part of this Ordinance.

Item I. Definition of Terms:

"Area of shallow flooding" means a designated AO, AH, or VO zone on a community's Flood Insurance Rate Map (FIRM) with a one percent or greater annual chance of flooding to an average depth of one to three feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

"Area of special flood hazard" is the land in the flood plain within a community subject to a one percent or greater chance of flooding in any given year. The area may be designated as Zone A on the FIRM. After detailed ratemaking has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AO, AH, AI-30, AE, A99, VO, or V1-30, VE, or V.

"Base flood" means the flood having a one percent chance of being equalled or exceeded in any given year.

"Basement" means any area of the building having its floor subgrade (below ground level) on all sides.

"Building"--see "structure."

"Breakaway wall" means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces without causing damage to the elevated portion of the building or supporting foundation.

"Coastal high hazard area" means the area subject to high velocity waters, including but not limited to hurricane wave wash or tsunamis. The area is designated on a FIRM as Zone V1-30, VE, or V.

"Development" means any man-made change to improved or unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations.

"Flood" or "Flooding" means: A general and temporary condition of partial or complete inundation of normally dry land areas from:

- (1) The overflow of inland or tidal waters.
- (2) The unusual and rapid accumulation or runoff of surface waters from any source.

"Flood Boundary and Floodway Map" (FLOODWAY) is an official map of the community, on which the Federal Emergency Management Agency has delineated the "Regulatory Floodway". This map should not be used to determine the correct flood hazard zone or base flood elevation, the Flood Insurance Rate Map (FIRM) will be used to make determinations of flood hazard zones and base flood elevations.

"Flood elevation study" means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.

"Flood Hazard Boundary Map" (FHBM) means an official map of a community, issued by the Federal Emergency Management Agency, where the boundaries of the flood, mudslide (i.e., mudflow) related erosion areas having special hazards have been designated as Zones A, M, and/or E.

"Flood Insurance Rate Map" (FIRM) means an official map of a community, on which the Federal Emergency Management Agency has delineated both the special hazard areas and the risk premium zones applicable to the community.

"Flood Insurance Study" see "flood elevation study."

"Flood plain" or "flood-prone area" means any land area susceptible to being inundated by water from any source (see definition of "flooding").

"Flood proofing" means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.

"Floodway"--see "regulatory floodway."

"Functional dependent use" means a use which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.

"Highest adjacent grade" means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

"Lowest Floor" means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking of vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor: Provided, that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirements of this ordinance.

"Mean sea level" means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or other datum, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

"Manufactured home" means a structure, transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. For flood plain management purposes the term "manufactured home" also includes park trailers, travel trailers, and other similar vehicles placed on a site for greater than 180 consecutive days. For insurance purposes the term "manufactured home" does not include park trailers, travel trailers, and other similar vehicles.

"Manufactured home park or subdivision" means a parcel (or contiguous parcels) of land divided into two or more manufactured home lots for rent or sale.

"100-year flood" see "base flood."

"Regulatory floodway" means the channel of a river or other watercourse and the adjacent land areas that must be reserved in order to discharge the base flood without cumulatively increasing the water surface elevation more than one foot at any point. These areas are designated as floodways on the Flood Boundary and Floodway Maps.

"Riverine" means relating to, formed by, or resembling a river (including tributaries), stream, brook, etc.

"Special flood hazard area" means an area having special flood, mudslide (i.e., mudflow) and/or flood-related erosion hazards, and shown on an FIRM or FIRM as Zone A, AO, A1-30, AE, A99, AH, VO, V1-30, VE, V, M or E. (See Area of Special Flood Hazard)

"Structure" means for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

"Start of Construction" includes substantial improvement, and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or

the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; or does it include excavation for a basement, footings, piers, or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main structure.

"Substantial improvement" means any combination of repairs, reconstruction, alteration, or improvements to a structure in which the cumulative cost equals or exceeds fifty percent of the market value of the structure. The market value of the structure should be (1) the appraised value of the structure prior to the start of the initial repair or improvement, or (2) in the case of damage, the value of the structure prior to the damage occurring. For the purposes of this definition, "substantial improvement" is considered to occur when the first alteration of any wall, ceiling, floor, or other structural part of the building commences, whether or not that alteration affects the external dimensions of the structure. The term does not, however, include any project for improvement of a structure required to comply with existing health, sanitary, or safety code specifications which are solely necessary to assure safe living conditions or any alteration of a structure listed on the National Register of Historic Places.

"V-Zone"--see "coastal high hazard area."

"Water surface elevation" means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929, (or other datum, where specified) of floods of various magnitudes and frequencies in the flood plains of coastal or riverine areas.

Item II.

All proposed development in any special flood hazard areas shall require a permit. Permits shall not be issued for Manufactured homes or Parks anywhere in the special flood hazard areas.

Item III.

The Building Inspector shall review all building permit applications for new construction or substantial improvements to determine whether proposed building sites will be reasonably safe from flooding. If a proposed building site is in a flood-prone area, all new construction and substantial improvements shall (i) be designed (or modified) and adequately anchored to prevent flotation, collapse, or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy, (ii) be constructed with materials resistant to flood damage, (iii) be constructed by methods and practices that minimize flood damages, and (iv) be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding.

Item IV.

Where new and replacement water and sewer systems (including on-site systems) are proposed in floodprone areas the applicant shall provide the Building Inspector with assurance that new and replacement sanitary sewage systems will be designed to minimize or eliminate infiltration of flood waters into the systems and discharges from the systems into flood waters, and on-site waste disposal systems will be located to avoid impairment to them or contamination from them during periods of flooding.

Item V.

The Building Inspector shall maintain for public inspection, and furnish upon request, any certification of flood-proofing and the as built elevation (in relation to mean sea level) of the lowest floor (including basement) of all new or substantially improved structures, and include whether or not such structures contain a basement. If the structure has been floodproofed, the as built elevation (in relation to mean sea level) to which the structure was floodproofed. This information must be furnished by the applicant.

Item VI.

The Building Inspector shall review proposed developments to assure that all necessary permits have been received from those governmental agencies from which approval is required by Federal or State law, including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334. It shall be the responsibility of the applicant to certify these assurances to the Building Inspector.

Item VII.

In riverine situations, prior to the alteration or relocation of a watercourse, the applicant for such authorization shall notify the Wetlands Board of the New Hampshire Environmental Services Department and submit copies of such notification to the Building Inspector. Further, the applicant shall be required to submit copies of said notification to those adjacent communities as determined by the Building Inspector.

Within the altered or relocated portion of any watercourse, the applicant shall submit to the Building Inspector, certification provided by a registered professional engineer assuring that the flood carrying capacity of the watercourse has been maintained.

Along watercourses that have a designated Regulatory Floodway no encroachments, including fill, new construction, substantial improvements, and other development are allowed within the designated Regulatory Floodway that would result in any increase in flood levels within the community during the base flood discharge. In Zone A the Building Inspector shall obtain, review, and reasonably utilize any floodway data available from a Federal, State, or other source as

criteria for requiring that development meet the floodway requirements of this section.

Along watercourses that have not had a regulatory floodway designated, no new construction, substantial improvements or other development (including fill) shall be permitted within Zones A1-30 and AE on the FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

Item VIII.

1. In special flood hazard areas the Building Inspector shall determine the 100 year flood elevation in the following order of precedence according to the data available:
 - a. In Zones A1-30, AH, AE, V1-30, & VE refer to the elevation provided in the communities Flood Insurance Study and accompanying FIRM or FIRM.
 - b. In unnumbered A zones the Building Inspector shall obtain, review, and reasonably utilize any 100 year flood elevation data available from Federal, State, development proposals submitted to the community (example sub-divisions, site approvals, etc.) or other source.
 - c. In Zone AO the 100 year flood elevation is determined by adding the elevation of the highest adjacent grade to the depth number specified on the FIRM or if no depth number is specified on the FIRM at least two feet.
2. The Building Inspector's 100 year flood elevation determination will be used as criteria for requiring in Zones A1-30, AE, AH, AO and A that:
 - a. all new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level;
 - b. that all new construction and substantial improvements of non-residential structures have the lowest floor (including basement) elevated to or above the 100 year flood level; or together with attendant utility and sanitary facilities, shall:
 - (i) be floodproofed so that below the 100 year flood elevation the structure is watertight with walls substantially impermeable to the passage of water;
 - (ii) have structural components capable of resisting hydrostatic and hydrodynamic loads and the effects of buoyancy; and

(iii) be certified by a registered professional engineer or architect that the design and methods of construction are in accordance with accepted standards of practice for meeting the provisions of this section;

- c. all manufactured homes to be or substantially improved within special flood hazard areas shall be elevated on a permanent foundation such that the lowest floor of the manufactured home is at or above the base flood level; and be securely anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable state and local anchoring requirements for resisting wind forces;
- d. for all new construction and substantial improvements, fully enclosed areas below the lowest floor that are subject to flooding are permitted providing the enclosed areas meet the following requirements: (1) the enclosed area is unfinished or flood resistant, useable solely for parking of vehicles, building access or storage; (2) the area is not a basement; (3) shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or must meet or exceed the following minimum criteria: A minimum of two openings having a total net area of not less than one square inch for every square foot of enclosed area subject to flooding shall be provided. The bottom of all openings shall be no higher than one foot above grade. Openings may be equipped with screens, louvers, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters;
- e. proposed structures to be located on slopes in Special Flood Hazard Areas, Zones AH and AD, shall include adequate drainage paths to guide flood waters around and away from the proposed structures.

Yes 258

No 46

The meeting adjourned at 9:50 P.M.

Respectfully submitted,

Carol A. Frazier

Carol A. Frazier
Town Clerk

1988 TOWN WARRANT

TOWN OF SWANZEY
STATE OF NEW HAMPSHIRE

The Polls will open at 4:30 p.m. and close at 9:00 p.m.

To the inhabitants of the Town of Swanzev, in the County of Cheshire, in said State, qualified to vote in Town Affairs:

You are hereby notified that the Annual Town Meeting and elections will be held at the Monadnock Regional High School in said Swanzev on Tuesday, the eighth day of March, next at 7:00 of the clock in the afternoon to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the ensuing year. (By Ballot)

Article 1B. To vote by ballot on the following question:
"Shall we adopt the provisions of RSA 287-E relative to the conduct of games of Bingo?"

Article 1C. To vote by ballot on 7 amendments proposed by the Planning Board to the Swanzev Zoning Ordinance as follows:

Amendment No. 1. Section III8A. Amend to read:

All manufactured housing coming into Swanzev shall have a HUD approval plate or meet the safety requirements as determined by the Swanzev Building Inspector.

COMMENT: The safety requirements are minimum standards necessary to protect the inhabitants.

Amendment No. 2. Section III, 15. Off street Parking Requirement. Amend A. to read:

A. Dwelling - 2 spaces per unit

COMMENT: This increases the number of parking spaces per unit from one space to two spaces.

Amendment No. 3. Section IV, A. 16. Change to read:

All lots shall be of at least 3 acres in size with 225 foot frontage on a Public Street.

COMMENT: This increases the frontage requirement in the three acre zone by 25 feet.

Amendment No. 4. Section IV, A. 17. Eliminate Article #17 of this section.

COMMENT: This removes the provision which allows a reduction of the three acre requirement in the Rural Zone if

the soils and topography of the land warrants it. The Planning Board feels reduction in acreage should be handled through rezoning.

Amendment No. 5. Section IV, B. 3. Amend to read:

All lots shall be of at least one acre in size and have 150 foot of frontage on a Public Street.

COMMENT: This increases the frontage requirement in the one acre zone by 25 feet.

Amendment No. 6. Section XVIII. Wetlands Conservation District. Replace the present ordinance with a new ordinance drafted by the Conservation Commission with the help of the Cheshire County Conservation District. The new ordinance reads as follows:

WETLANDS CONSERVATION DISTRICT

1. DISTRICT BOUNDARIES

The Swanzezy Wetlands Conservation District is defined as those areas of the Town that contain marshes, ponds, bogs, lakes, swamps, streams, as well as soils that are defined as poorly or very poorly drained by the National Cooperative Soil Survey conducted by the USDA Soil Conservation Service.

The District as herein defined is shown on the 1984 Soil Conservation Service Soil Survey Maps designated as the "Town of Swanzezy Wetlands Conservation District Map" and is part of the Zoning Map of the Town of Swanzezy.

Additional soil survey data, based on High Intensity Soils Maps, prepared by a qualified soils scientist, may be substituted for the Wetlands Conservation District Map in determining the location of Wetlands.

For a detailed explanation of soil types, refer to "Soil Potential Ratings for Development, Cheshire County, New Hampshire, August 1984", on file with the Swanzezy Planning Board and the Town Clerk and the Soil Conservation Service in Keene, N.H.

2. GENERAL PROVISIONS

In all cases where the Wetland Conservation District is superimposed over another zoning district in the Town of Swanzezy, that district whose regulations are more restrictive shall apply.

Boundary Appeals - In the event that the Selectmen or the Conservation Commission, showing just cause, questions the validity of the boundaries of a Wetland area on a specific parcel of land, or upon the written petition of the owner or any abutter of the said parcel, the Board shall call upon the services of a qualified soil scientist to examine said area, using High Intensity Soils Maps, and report his findings to the Planning Board for their determination of the boundary. The cost of such appeal shall be borne by the petitioner.

3. PURPOSE

By the authority granted in N.H. RSA 674:16-17 and 674:20-21. and in the interest of public health, safety and general welfare, the Swanzey Wetlands Conservation District is hereby enacted to regulate the uses of lands subject to standing water or extended periods of high water table.

A. To prevent the development of structures and land uses on wetlands which would contribute to the pollution of surface and groundwater.

B. To prevent the destruction of natural wetlands which provide flood protection, groundwater recharge, pollution abatement, the augmentation of stream flow during dry periods, the valuable wildlife habitats, and which are important for such other reasons as those cited in RSA 483-A:1-b.

C. To prevent unnecessary or excessive expenses to the Town to provide and maintain essential services and utilities.

D. To encourage those uses that can be appropriately and safely located in wetlands areas.

E. To preserve and enhance those aesthetic values associated with the wetlands of this Town.

4. PERMITTED USES

In areas containing poorly or very poorly drained soils, swamps, marshes, bogs, open water and major streams are as follows:

A. Water impoundments, to the extent that wildlife considerations will allow and constructions of wells for water supply.

B. Drainage ways, streams, creeks or other paths of normal runoff water.

C. Wildlife habitat development and management.

D. Parks and such recreation uses as are consistent with the purpose and intent of Section 3.

E. Conservation areas and natural trails.

F. Open spaces as permitted by subdivision regulations and other sections of the Ordinance.

G. Forestry and Tree Farming in Wetlands.

Group IIB. The soils in this group are poorly drained.

The seasonal high water table is generally within 12 inches of the surface. Productivity of these poorly drained soils is generally less than soils in the other groups. Successional trends are toward climax stands of shade tolerant softwoods, i.e. red spruce and hemlock. Red Maple is common and a persistent component in many stands with balsam fir. These soils generally support stands of hemlock, red spruce and balsam fir. Red maple cordwood stands or slow growing hemlock sawtimber are common. However, due to poor soil drainage, forest management is somewhat limited. Severe windthrow hazard limits partial cutting, frost action threaten survival of planted seedlings, and harvesting is generally restricted to periods when the ground is frozen.

H. Agriculture in Wetlands. Agricultural practices are the principal threat to wetlands in many areas. Drainage destroys wetland vegetation and wildlife. Diking interferes with wetland water and nutrient supplies. Other impacts include nutrient enrichment from agricultural runoff (fertilizers, manure), sedimentation for erosion and discharge of soil into waterways, introduction of toxic chemicals from agricultural pesticide and herbicides, disturbance of wetland water supplies by agricultural pumping, introduction of exotic species into wetland areas and destruction of wetland vegetation and wildlife by plowing, harvesting and other practices.

Wetland impacts may be minimized by:

Utilizing minimum tillage farming techniques.

Avoiding drainage and diking.

Adopting soil conservation measures to control erosion and agricultural runoff.

Maintaining wetland buffer zones.

Fencing streamside wetlands and influent streams to reduce erosion and direct pollution by cattle.

Reducing application of manure to frozen soils during the winter.

Controlling pesticides, herbicides, fungicides and fertilizer applications.

Increasing wild crop harvesting and agriculture consistent with natural wetland characteristics.

I. The construction or reconstruction of fences, footbridges, catwalks, wharfs and structures that enhance the site as wildlife habitat provided: 1) Said structures are constructed so as to permit the unobstructed flow of water; 2) The natural contour of the wetlands is preserved; and 3) The Planning Board has reviewed and approved the proposed construction based upon a Cheshire County Conservation District (CCCD) wetland evaluation, if requested by the Planning Board or Conservation Commission.

J. Alteration of the surface configuration of the land by filling or dredging provided that: 1) The alteration enhance the wetland wildlife aspect of the site; 2) The natural contour of the wetland is preserved and 3) The Planning Board has reviewed and approved the proposed project based upon a CCCD wetlands evaluation, if requested by the Planning Board or Conservation Commission.

The permitted uses are not to involve the erection of a structure or the alteration of the surface configuration of the land by the addition of fill or by dredging except as a common treatment associated with the permitted uses. "Common Treatment" will be in accordance with CCCD recommendations.

5. SPECIAL EXCEPTIONS

Special exceptions may be granted by the Board of Adjustment for the following uses within the Wetlands Conservation District:

A. The construction of streets, roads and other access

ways, and for pipelines, powerlines and other transmission lines provided that all of the following conditions are found to exist:

1) The proposed construction is essential to the productive use of land not within the Wetlands Conservation District.

2) Design and construction methods will be such as to minimize detrimental impact (as determined by the CCCD wetland evaluation, if requested by the Board of Adjustment of the Conservation Commission) upon the wetland and will include restoration of the site as nearly as possible to its original grade and condition.

3) No alternative route which does not cross the wetland or has less detrimental impact on the wetland is feasible.

4) Economic advantage alone is not reason for the proposed construction.

B. Prior to the granting of a Special Exception under this Section, the applicant shall agree to submit a performance security to the Board of Selectmen. The security shall be submitted in a form and amount, with surety and conditions satisfactory to the Selectmen and approved by Town Counsel to ensure that the construction has been carried out in accordance with the approved design. The security shall be submitted and approved prior to issuance of any permit authorizing construction.

6. SPECIAL PROVISIONS

No septic tank, cesspool, privy, seepage pit, leach field, or underground storage tanks or containers may be located closer than one hundred twenty five feet (125') to any designated wetland.

No impact to the wetlands is to be allowed or even considered for approval until the applicant has submitted a site plan of the proposed project. The Plan must be of sufficient detail so that it leaves no doubt as to the precise location of the proposed project and its likely impact.

Wetland areas will not be used to satisfy minimum lot area and setback requirements and may not be used when applying a residential density factor.

7. EXEMPTION FOR RESIDENTIAL STRUCTURES

Notwithstanding other provisions of this Article, the construction or additions and extension to one and two family dwellings shall be permitted within the Wetlands Conservation District provided that: a) The dwelling lawfully existed prior to the effective date of this Article; and b) That the proposed construction conforms with all other applicable Ordinances and regulations of the Town of Swansey.

COMMENT: The three major changes in the new ordinance are as follows:

1. The allowance of 25% of a wetland area to be used to

calculate lot areas or residential density will be eliminated.

2. The distance from a septic system to any wetland area will be increased from 75 feet to 125 feet.

3. The Special Exception allowance for structures to be built in a wetlands area will be eliminated.

Amendment No. 7. Amend the SwanzeY Zoning Map dated March 8, 1982 as amended to extend the residential zone on Spring Street in West SwanzeY approximately 500 feet.

COMMENT: A map showing the exact area proposed to be rezoned is available at Town Hall in SwanzeY Center.

Article 1D. To vote by ballot on the following question:
"Shall the Town of SwanzeY withdraw from the Ashuelot Valley Refuse Disposal Sub-district pursuant to the provisions of RSA 53-B?" (By petition)

Text of petition received by the Selectmen:

"The below signed concerned SwanzeY residents respectfully request that the SwanzeY Selectmen instigate procedure for the immediate withdrawal from the 53-B, Ashuelot Valley Refuse Disposal Sub-district and initiate discussion pertaining to the alternative solid waste option offered by the Winchester Selectmen at the SwanzeY Town Hall, Thursday, December 15, 1987."

Article 2: To hear and accept the reports of agents, auditors, standing committees, or other officers heretofore chosen and pass any vote relative thereto.

Article 3: To see if the voters will vote to authorize the Selectmen to apply for, accept and expend without further action by Town Meeting, money from state, federal or other governmental unit or private source which becomes available during the year as noted in RSA 31, as amended.

Article 4: To see if the Town will authorize the Selectmen to borrow such sums as are necessary to defray Town Charges in anticipation of taxes, or take any action relative thereto.

Article 5: To see if the Town will vote to authorize the Selectmen to accept legacies and gifts given the Town in trust or otherwise by any individual or group of individuals, or take any action relative thereto.

Article 6: To see if the Town will vote to authorize the Selectmen to transfer and convey property acquired by the town by tax collector's deed by public auction (or advertised sealed bid) or in such other manner as determine by the Selectmen justice may require.

Article 7: To see if the Town will vote to raise and appropriate the sum of \$ 365,512.01 to defray the following Town Charges:

Town Officers Salaries	\$ 130,000.00
Town Officers Expenses	40,000.00
Elections	4,500.00
Whitcomb Hall Expenses	6,000.00
Town Hall Expenses	7,000.00
Reappraisal of Property	6,000.00
Insurance	110,000.00
FICA	28,000.00
Legal Expenses	25,000.00
Planning Board	2,400.00
NHMA Dues	1,234.06
Southwest Planning Commission	5,377.95

or take any action thereon.

Article 8: To see if the Town will vote to raise and appropriate the sum of \$ 3,000.00 to be placed in a Capital Reserve Fund established for the future expansion of Town Hall, or take any action thereon.

Article 9: To see if the Town will vote to accept the sum of \$ 83,659.44 in Highway Block Grant Aid provided by the State of New Hampshire, or take any action thereon.

Article 10: To see if the Town will vote to raise and appropriate the sum of \$325,000.00 for the expenses of maintaining highways and bridges, or take any action thereon.

Article 11: To see if the Town will vote to raise and appropriate the sum of \$ 20,000.00 to add to the Capital Reserve Fund for heavy highway and cemetery maintenance equipment, or take any action thereon.

Article 12: To see if the Town will vote to raise and appropriate the sum of \$ 60,000.00 for the purchase of a 6 wheel dump truck with plowing equipment and sander for the highway department and authorize the withdrawal of that amount from the capital reserve fund for heavy highway and cemetery maintenance equipment, or take any action thereon.

Article 13: To see if the Town will vote to install four (4) street lights, or take any action thereon. One at the corner of Goodell Avenue and Route 32, another at corner of Trotter Lane and Goodell Avenue, a third at the corner of Blake Road and Goodell Avenue and the fourth at the corner of Hale Hill Road and Old Richmond Road. (By petition)

Article 14: To see if the Town will vote to raise and appropriate the sum of \$ 13,500.00 for street lighting, or take any action relative thereto.

Article 15: To see if the Town will vote to raise and

appropriate the sum of \$ 19,570.00 for the support of the cemeteries to be under the supervision of the Road Agent, or take any action thereon.

Article 16: To see if the Town will vote to raise and appropriate the sum of \$ 75,000.00 for the purchase of approximately 48 acres of land currently owned by Mrs. Jean Belding for future expansion of town cemeteries, or take any action thereon.

Article 17: To see if the Town will vote to raise and appropriate the sum of \$ 50,085.00 for the support of the Recycling Center, or take any action thereon.

Article 18: To see if the Town is in favor of adopting the proposed ordinance for the operation for its public disposal facility to be known as the Recycling Center pursuant to RSA 31:39 and RSA 147, or take any action thereon.

Article 19: To see if the Town will vote to raise and appropriate the sum of \$ 20,469.32 for the support of the Solid Waste Management Districts:

Southwest Solid Waste Management District-\$ 3,835.96

Ashuelot Valley Refuse Disposal District-\$ 16,633.36.

or take any action relative thereto.

Article 20: To see if the Town will vote to raise and appropriate the sum of \$ 61,661.10 in support of the following Health Services:

Home Health & Community Services \$ 25,000.00

Meals on Wheels 4,500.00

Monadnock Mental Health Services 4,661.10

Keene Ambulance Service 27,500.00

or take any action thereon.

Article 21: To see if the Town will vote to raise and appropriate the sum of \$ 152,600.00 for the support of the police department, or take any action thereon.

Article 22: To see if the Town will vote to raise and appropriate the sum of \$ 7,000.00 to be added to the Capital Reserve Fund for the replacement of police cruisers, and designate the Selectmen as agents to expend, or take any action thereon.

Article 23: To vote by paper ballot on the following question:

"Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and

buildings for unpaid taxes". (By petition)

Article 24: To see if the Town will vote to raise and appropriate the sum of \$ 1,500.00 for the support of Civil Defense, placing any unused portion of this sum at year's end into the Capital Reserve Fund, or take any action relative thereto.

Article 25: To see if the Town will raise and appropriate the sum of \$1,000.00 to add to the Capital Reserve Fund established for the purchase of Emergency Management equipment, or take any action thereon.

Article 26: To see if the Town will vote to raise and appropriate the sum of \$ 12,000.00 to construct a 12x16 foot room for the purpose of housing a generator and storing Emergency Management equipment, of that sum \$ 2,000.00 to be withdrawn from the Capital Reserve Fund, placing any unused portion of this sum at year-end into the Capital Reserve Fund, or take any action thereon.

Article 27: To see if the Town will vote to raise and appropriate the sum of \$ 72,300.00 for the support of the Fire Department, or take any action relative thereto.

Article 28: To see if the Town will vote to place in the Fire Department Equipment Capital Reserve Fund any balances remaining in the Fire Department annual appropriation and any funds received from the sale of surplus fire equipment, or take any action thereon.

Article 29: To see if the Town will vote to raise and appropriate the sum of \$ 25,000.00 to add to the Capital Reserve Fund for the replacement of Swanzey Fire Trucks, or take any action thereon.

Article 30: To see if the Town will vote to raise and appropriate the sum of \$ 5,000.00 to be placed in a capital reserve fund to be established for the building of a Fire Station, or take any action thereon.

Article 31: To see if the Town will vote to raise and appropriate the sum of \$ 16,500.00 to repair, upgrade and insulate the outside block surface of the West Swanzey Fire Station, and replace the siding on the East Swanzey Fire Station, or take any action relative thereto.

Article 32: To see if the Town will vote to raise and appropriate the sum of \$ 2,025.00 (45 hydrants at \$ 45 each), to be paid to the North Swanzey Water & Fire Precinct for hydrant service furnished in that part of Town, or take any action thereon.

Article 33: To see if the Town will vote to raise and

appropriate the sum of \$ 20,000.00 for General Assistance, or take any action thereon.

Article 34: To see if the Town will vote to raise and appropriate the sum of \$ 2,000.00 to be added to the Capital Reserve Fund to be used for future construction of an addition to the Mt. Caesar Library, or take any action thereon.

Article 35: To see if the Town will vote to raise and appropriate the sum of \$ 24,700.00 for the support of the Swanzey Libraries, \$ 7,000.00 for the Stratton Free Library and \$ 17,700.00 for the Mount Caesar Union Library, or take any action relative thereto.

Article 36: To see if the Town will vote to raise and appropriate the sum of \$ 23,650.00 for the support of the Recreation Department, or take any action relative thereto.

Article 37: To see if the Town will vote to raise and appropriate the sum of \$ 3,000.00 to be placed in a capital reserve fund for the replacement of maintenance equipment for recreation facilities, and to designate the Selectmen agents to expend the fund.

Article 38: To see if the Town will vote to raise and appropriate the sum of \$ 500.00 for Memorial Day, or take any action thereon.

Article 39: To see if the Town will vote to raise and appropriate the sum of \$ 500.00 for Old Home Day, or take any action thereon.

Article 40: To see if the Town will vote to raise and appropriate the sum of \$ 500.00 for the support of the Grand Monadnock Arts Council, or take any action relative thereto.

Article 41: To see if the Town will vote to raise and appropriate the sum of \$ 5,575.00 for the support of the Keene Industrial Development Corporation, or take any action thereon. (By petition)

Article 42: To see if the Town will vote to raise and appropriate the sum of \$ 89,265.00 to pay off the following debt service:

Tax Anticipation Note -	\$ 10,000.00
FHA Sewer Bond -	40,495.00
NH Municipal Bond Bank -	34,355.00
Keene Treatment Plant Bond -	4,415.00

or take any action relative thereto.

Article 43: To see if the Town will vote to raise and appropriate the sum of \$ 36,900.00 for the operation of the West Swanzey Treatment Facility, or take any action thereon.

Article 44: To see if the Town will vote to establish the land acquisition capital reserve fund as authorized in RSA 35:1, III-a, for the purpose of acquiring conservation land or interest in land for permanent conservation use, to be used as the local matching funds or part of the local matching funds required under the N.H. Land Conservation Investments Program (LCIP) RSA 221-A, and to appoint the selectmen as agents for the town for the purposes of expending the principal of said fund and to raise and appropriate \$ 30,000.00 to said fund and authorize the selectmen to accept private donations of land, interest in land or money for part of the local matching portion of the LCIP, and authorize the selectmen to apply for and accept the state matching funds under the LCIP for the purposes of acquisition of the fee or lesser interest in conservation land and other costs associated therewith. Said appropriated funds, donations and state matching funds may be expended by the Selectmen, or take any action thereon

Article 45: To see if the Town will vote to authorize the Planning Board to prepare a recommended program of municipal capital improvement projects projected of a period of at least six years, or take any action thereon.

Article 46: To transact any other business that may legally come before this meeting, or take any action relative thereto.

Given under our hands and seal, this seventeenth day of February, in the year of our Lord nineteen hundred and eighty-eight.

Selectmen of Swanzev, N.H.

A true copy of Warrant- Attest:

Selectmen of Swanzev, N.H.

REPORT OF THE ROAD AGENT
1987

Winter slowed down in March after a rather ferocious start in November, and changed our dirt road to mud, which required considerable gravel to firm them up. As is usual nearly every spring, Carleton Road flooded necessitating closing it for a few days, but we faired better than many of our neighbors with the April floods. Late April gave us a winter encore with many trees down from the wet heavy snow.

We assisted the Fire Department with some truck maintenance and excavated clay beneath the Swanzey Center Station entrance. It was replaced with sand fill and gravel and a new asphalt cover. Funds for these materials came from the Fire Department budget. We helped the Recreation Department by pouring the concrete slab for the new building at Lane Field and delivered clay to Brown Field.

We received our new one ton truck June 25 and it has worked well for us. We used liquid dust control again and believe the results are improving. We replaced and enlarged several bad culverts, swept streets and cleaned catch basins. A.E. Hill screened sand behind the Highway Garage for sand sealing and winter sand, and it has proves to be a good product.

We shimmed some roads with hot mix asphalt and chip sealed and sand sealed approximately 12 miles of roads again this year. We also chip sealed the east side of Ash Hill Road and plan to finish the other side this year. We also want to make the rest of Warmac Road black. We overlaid some streets in West Swanzey with hot mix asphalt, removed five railroad crossings, changed Westbrook Court intersection, cut trees and sloped Cobble Hill Road roadside and plan the same for Pebble Hill road.

This year we are going to seal more roads and are looking into reclamation procedures to rebuild some roads that are badly out of shape. The year we took over nearly two miles of new roads to maintain as a result of new developments.

Respectfully Submitted,
Elton Blood, Road Agent

REPORT OF THE FIRE DEPARTMENT 1987

To the honorable Selectmen and voters of Swanzey: I hereby submit my report from January 1, 1987 to December 31, 1987. The following is a summary of alarms answered.

	<u>1986</u>	<u>1987</u>
Auto Fires	22	23
False Alarms	6	18
Brush Fires	3	6

Miscellaneous Calls	44	31
Chimney Fires	22	31
TOTAL	282	340

Respectfully submitted,
Henry Johnson, Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Between July 1986 and June 1987, we experienced fewer fires than normal. The three leading causes of forest fires were again children, fires kindled without written permission of a Forest Fire Warden and debris burning. All causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of the state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest tax law may be violated, call your Forest Fire Warden, Henry Johnson at 352-2870, or Concord Forest Protection Headquarters at (603) 271-2217.

If you own forest land, you became responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

RECREATION COMMITTEE

Lane Field

A 20x20 garage was constructed at Lane Field for storage of grounds keeping equipment and additional equipments as required.

Repairs to the backstop near the road were made and should no longer be a problem. Progress on the new field is going slowly, but we hope it will be nearly completed in 1988.

This year the Girls Softball teams will be playing on Lane Field, since the Talbot Hill field is no longer available for their use. This should make it easier for the parents and everyone to have all the teams in one location.

New Programs

A new Soccer Program was started this year and was a big success with over 100 sign ups; 60 first and second graders, 40 third and fourth graders and 30 fifth and sixth graders. If this program continues to grow we should see some fine talent on our school teams in years to come.

Brown Field

Brown Field had another busy year. More teams played this year than ever before and more people attended games and used the facility. Thank you Brown Field Committee for a job well done.

Plans are being made to provide a large water line into the Brown Field area to a hydrant, which will provide water for maintaining the fields, flooding the skating rink and also fire protection on the back side of Cutler School.

Swanzy Lake (Richardson Park)

Richardson Park had a very busy summer. Approximately ten to twelve thousand people used our facility. We met with the Swanzy Lake Association to try and work out some minor problems occurring on the lake. Both groups seem to work well together on these problems.

Summer Program

Our Summer Program went well using Richardson Park two days a week and Brown Field three days. the average attendance was forty children per day. It has been requested that we run the program for seven weeks next year, instead of six weeks. This request has been granted.

The year brought many unexpected breakdown problems: Brown Field, one large water tank was replaced. At Richardson Park a new water and sewage pump were installed and at Lane Field a water tank and pump had to be replaced.

As you can surmise from this report, your Recreation Committee has spend many volunteer hours solving these problems.

As Chairman, I would like to thank the committee for their fine work and long hours of community service.

Respectfully Submitted,
Morgan E. Wright, Chairman

SWANZEY HISTORICAL COMMITTEE ANNUAL REPORT

The SwanzeY Historical Museum, which was originally the dream of Charles J. Hanrahan, opened to the public on June 27, 1987. Much of the work was done by volunteers and the building has been paid for.

Special dedication services on the 27th were attended by over two hundred people and the program organizer was Roger Conway. Our special guests included New Hampshire Governor - John H. Sununu, Congressman Judd Gregg, SwanzeY Selectmen - Myron Steere III, Kenneth Colby, Jr., and Richard Lane, State Representatives David Perry, Margaret Ramsey and Ralph J. Parker, Jr., Keene Mayor - L. Edward Reyor, and Senator Clesson Blaisdell. Representing the clergy was Father George Robichaud, from St. Anthony's Roman Catholic Church. Music was furnished by the Scarlet Marauders. Letters were presented by Congressman Gregg on behalf of President Ronald Reagan and Vice President George Bush, both congratulating Charlie for his outstanding achievement.

Prior to this, the Historical Committee voted unanimously to donate the building to the Town of SwanzeY, but will strive to maintain the building through private donations.

Our first season closed in mid-October with over 1,100 visitors registering from thirty-one states, Washington, D.C., forty-six New Hampshire towns, Quebec, Bermuda and Lima, Peru.

After the dedication we were open to the public seven days a week through foliage season from 1-5 Monday thru Friday and weekends and some holidays from 10-6. It was staffed completely by volunteer help. We are also open during winter months for any group wishing to visit. A few days notice is appreciated. We have already played host to several groups including two from Greenfield, Massachusetts.

Murals for the basement walls have been started and a new brochure is ready for distribution to the public.

THERE ARE STILL SEVERAL WAYS YOU CAN HELP:

1. Consider becoming a volunteer. Shifts are just four hours.
2. Lend or donate an item or picture for display.
3. Help financially. No gift is too small.
4. We need: VCR in good condition
Tape recorder and tape player
Copying machine
Slide and/or Movie Projector
Chairs and/or settees for use in basement

For those who have not visited our facilities, we hope you can during 1988. For those who have, we thank you for your support.

Shirley Leonard
for the Committee

BUILDING INSPECTOR'S REPORT

	Permits Issued	Cost of Construction
NEW BUILDINGS		
Single Family Residences	71	\$ 6,857,645
Multi-family Residences	1	95,000
Mobile Homes	3	22,995
Garages	25	176,320
Retail	2	240,000
Commercial	3	203,900
Other	22	192,143
ADDITIONS & ALTERATIONS		
Residential	42	564,429
Non-Residential	7	1,139,714
Conversions	4	138,000
POOLS		
In ground	6	54,000
Above ground	2	24,500
=====		
	188	\$ 9,708,646

A total of 188 permits were issued in 1987, an increase of 21% over the previous year. The total value of construction increased 2% and although the number of building permits issued for single family residences was off 7%, the average cost of a new residence increase from approximately \$76,000 in 1986 to \$97,000 in 1987.

The Swanzey Zoning Ordinance now in effect requires that a building permit be obtained from the Building Inspector prior to the start of construction or alteration of any building or start of construction of any permanently installed swimming pool.

Plans for any construction involving non-residential use or multi-family dwelling units must be submitted to the Planning Board for review and approval prior to application for a building permit in accordance with the requirements of Section XVI of the Zoning Ordinance.

Development of any land in the Flood Plain District is prohibited except by special exception from the Swanzey Zoning Board of Adjustment and approval by the building inspector in accordance with the requirements of Section XVII of the Zoning Ordinance.

A copy of the Zoning Ordinance may be obtained at the Town Offices.

Respectfully submitted,
Lewis T. Batt, Jr., Building Inspector

BOARD OF ADJUSTMENT
1987

The Board of Adjustment holds its regular meeting on the third Monday of each month. Charles Beauregard and Jack Gemmel were elected to the board at the March Town Meeting.

Don Simeneau was voted as chairman, replacing Dick Lane, who is now a selectmen. The board would like to thank Dick for his many years of service on the board.

During the past year the board granted 10 variances and 15 Special Exceptions. They denied one variance and 5 Special Exceptions.

Respectfully submitted,
Don Simeneau, Chairman

PLANNING BOARD
1987

The Planning Board holds regular meetings on the first and third Thursday of each month.

The board regretfully accepted resignations from Claire Moore and Peter Poanessa. The board extends their thanks to both of them for their years of service.

Jack Bys, Gerry Boggis and June Fuerderer were appointed to the board during the year.

The board approved 21 subdivisions, 17 site plans and several home occupations and boundary line adjustments during the year.

The work on the Master Plan is still in progress. Because of the heavy workload the board had this year, we did not have the time needed to complete the Plan. The board hopes to have the Master Plan and Capital Reserve Plan completed this year.

Respectfully Submitted,
Charles D. Roosa, Chairman

CONSERVATION COMMISSION
ANNUAL REPORT 1987

The Conservation Commission is currently composed of seven members with one member as alternate on the Planning Board and acting as a liaison between the two boards. The commission has developed and maintained a working relationship with the Board of Adjustment and Selectmen, providing input regarding natural resource issues. While working closely with town officials, we also addressed concerns of the townspeople - either investigating and resolving problems ourselves or making appropriate referrals to other agencies. Maintaining communication with Conservation Commissions of neighboring towns has been of increasing value as issues become of regional importance and decisions regarding use of adjoining lands more prevalent.

We continue as the local resource for the N.H. Wetlands Board, by investigating and reporting on all dredge and fill applications in Swanzev. An extension of our role in preservation of important wetlands has been our involvement in the revision of Swanzev's Wetlands Ordinance due for passage this year. Other projects include involvement with the River Watch in monitoring the Ashuelot River's water quality, and the annual spring canoe trip on the river. Once again the Commission has sponsored attendance at Conservation Camp by two local high school students.

Completed this year under the supervision of the Conservation Commission was the series of mylar overlay maps delineating the Town's natural resources and land capabilities. These maps will soon be available for use by the Boards and will be a major tool in our efforts to earmark land for conservation in Swanzev. A local task force is being created to implement N.H. RSA 211-A and procure matching funds from the State via the Land Conservation Investment Program. Input from anyone interested in this project is greatly encouraged.

The Conservation Commission meets on the second and fourth Tuesday of every month at the Town Hall at 7:00 p.m.

Respectfully Submitted,
Barbara Skuly, Chairman

MT. CAESAR UNION LIBRARY
Librarian's Report
HIGHLIGHTS OF 1987

Story hours for children, 3-5, were given weekly during the summer with special holiday and monthly programs from October to May. Gail Talbot was the Story Teller at the "Arts in the Library" program sponsored by the Grand Monadnock Arts Council.

The Summer Reading Program attracted over 100 participants who made 370 visits to the library. An Ice Cream Sundae Party climaxed the program. The annual Monday Night at the Movies was well attended by children and adults. the annual "Ring of the Library Bell" was observed on July 4th in accordance with the deed given to the Library by George Carpenter in 1885. The bell was rung again on September 17th to commemorate the signing of the U.S. Constitution.

Classes from the Wilcox and Mt. Caesar schools visit the library regularly to borrow books, and several teacher take books to their classrooms. The high school students come in for research on their term papers, book reports as well as recreational reading. The adults also make good use of the library materials.

In addition to the regular library hours, more than forty meeting, which included the story hours, film programs, etc. were sponsored by the library using the second floor area. It is hoped that sometime in the future, lighting, carpeting, drapes, seating, etc. can be added to make this a more congenial area for these meetings and other special activities.

By means of the annual contributions given by interested individuals and businesses to the Support Fund, additional insulation was added to the library building. This Support Fund makes possible special project to improve and maintain the library building and increase services to Swanzy - projects not covered by the budget.

The fund raising efforts of the Friends of the Library made possible the purchase of an Olympia electronic typewriter. It has many useful features including future interfacing with a word processor and/or computer and is an excellent addition to the library equipment.

Some statistics showing the use of the library are: materials borrowed from the library: books-15072; magazines-879; puzzles-304; pamphlets-36; cassette tapes-304; reference questions answered-616; number of people coming into the library-8400; new people registered-187; 19 films shown.

The library is open 30 hours weekly and the hours are:

Monday & Wednesday: 1:00-5:00 PM; 6:30-9:00 PM

Tuesday & Thursday: 9:30-11:30 AM; 1:00-5:00 PM; 6:30-9:00 PM

Serving on the Board of Trustees are: Hazel Fuller, president; Jane Johnson, vice-president; Debbie O'Meara, secretary; Roger Conway, treasurer; Donna Hills, assistant treasurer; Myron Steere, Marilyn Parpan, Mark Carrier, Connie Owens, Frank Worcester, Antiquarian chairman, and Robert Kenney who is the town elected trustee. Assistant librarians are Janet Parsons and Lorraine O'Gorman.

Respectfully submitted,
Ruth Palm, Librarian

STRATTON FREE LIBRARY

The Library has a productive year in 1987. On July 18, 1987 our library had a booth at the Swanzev Country Craft Fair and sold baked goods, crafts, various articles and books. The funds raised totalled \$121.25 and made a good start for our fund for a copier for the library. Special thanks go to Jan Sevene who came up with the idea and with diligence got it all together.

Again, the West Swanzev young people showed that they enjoyed reading and are good readers. In our Summer Reading Program, 58 children read 824 books. Each reader had to choose books from a variety of subjects and each book had to be at his reading level. At the end of the summer, we had fun at a party in which we played games, had refreshment, saw a film and gave out gift certificates for the Toadstool for those who read 15 books or more.

During the Old Homestead Weekend we had an Open House in which we sold books, had refreshments, and displayed pictures of past scenes from "The Old Homestead" play and of past participants in the famous play and wonderful old pictures of Denman Thompson, his family, and his home. Many thanks go to Eddie Caulkins for the use of these precious pictures and to Ernest Perry for setting up such an interesting display.

This library is of Roman architecture, has solid slabs of marble for its floor, and pink granite pillars from Scotland in the front. It is 103 year old, and has been kept in good condition thanks to an able body of trustees. Thank you, all of you. I would also like to thank Sue MacPhail for being such a capable Assistant Librarian.

This past year 5,096 books were loaned: 745 Adult Fiction, 887 Adult Nonfiction, 2,473 Young Adult Fiction, and 982 Young Adult Nonfiction. Also circulated were 423 magazines and 282 cassettes. Joining the library this year were 108 new patrons. The library is opened:

Tuesday 2:30-8:00 p.m.

Thursday 2:30-6:00 p.m.

Saturday 11:00-2:00 p.m.

Serving on the Board of Trustees are: Ernest Perry, Chairman; Raphael Haley, Treasurer; Susan Miller, Secretary; Patricia Fenn, Carol Roosa, Jan Sevene and Theresa Stepenuck. Susan MacPhail is the Assistant Librarian.

Respectfully Submitted,
Evelyn Fortner, Librarian

Heat, Lights & Misc.	<u>415.83</u>	
	\$ 6,500.00	

In view of increased wages and fuel costs as well as a continued increase in the cost of books and publications, it is requested that the Town of Swanzey appropriate \$ 7,000.00 to operated the Stratton Free Library during 1988.

Respectfully Submitted,
Rapheal W. Haley, Treasurer

HOME HEALTH CARE & COMMUNITY SERVICES, INC.

In 1987, Home Health Care and Community Services continued to provide home care and community services to the residents of Swanzey. These services have been supported to the greatest possible extent by Medicare, Medicaid, other insurances, Cheshire County funding, grants and patient fees. Services that could not be covered by other funding have been supported by your town.

The following information represents a projection of Home Health Care and Community Services' activities in your community for 1987. The projection is based on actual services provided from January through September 1987, and an estimate of usage during October, November and December.

SERVICE REPORT

<u>Services Offered</u>	<u>Services Provided</u>	<u>Services Supported Partially or Totally by the Town</u>
Skilled Nursing	551 Visits	2 Visits
Maintenance Nursing	171 Visits	109 Visits
Child Health Nursing	1 Visit	1 Visit
Physical Therapy	104 Visits	3 Visits
Speech Therapy	0	3 Visits
Occupational Therapy	37 Visits	17 Visits
Homemaker	854 Hours	233 Hours
Home Health Aide	613 Visits	370 Visits
Medical Social Worker	4 Visits	3 Visits
Meals on Wheels	8848 Meals	8848 Meals

Total unduplicated residents served: 147

In addition to the above listed activities, regularly scheduled blood pressure clinics, child health clinics, telephone and office consultations were make available to your residents throughout the year. Town funding, in part, supported these additional services.

REPORT OF HEALTH DEPARTMENT 1987

The Health Department performed the following services in 1987:

1. Water Samples collected from Swanzey Lake, Wilson Pond, and Yale Forest Spring: 11.
2. Foster and Day Care inspections: 9.
3. Housing complaint inspections: 4.
4. Septic system inspections: 7.
5. Miscellaneous inspections: 17.

Respectfully submitted,
Robert L. DeRocher, Health Officer

SEWER COMMISSIONERS REPORT
1987

The West Swanzey Sewer System added 12 new users during 1987 bringing the total to 355.

Major renovations were made to the chlorine contact tank and the storage building.

The preventative maintenance system for the plant and the pump station has been updated to avoid major repair costs in the future.

Respectfully Submitted,
Glenn W. Page, Chairman

Clerk	Mark Lawrence		
Moderator	Route 32, North Swanzey	352-3789	1988
Treasurer	Irene Underwood Route 8 Keene	352-1285	1988
Auditor	A.C. Lerandeau Old Mill Road, North Swanzey	352-7991	1988
Superintendent	Wallace Yardley Houghton Point, North Swanzey	352-9244	

MINUTES OF ANNUAL MEETING

The annual meeting of the North Swanzey Water and Fire Precinct was duly called and held at the Water Precinct Building on March 17, 1987, at 7:30 o'clock in the evening.

The meeting was called to order by Mark Lawrence, the Moderator.

Mr. Lawrence read the warrant for the meeting and the return of posting thereon.

On motion of Wallace Yardley, seconded by Caleb Wright, Mark Lawrence was nominated for the position of Moderator. There being no other nominations, by voice vote, Mr. Lawrence was declared duly elected for the ensuing year.

On motion of Gus Lerandeau, seconded by Wallace Yardley, it was voted to dispense with the reading of the minutes of the last annual meeting, held on March 18, 1986, copies of the same having been distributed to the Commissioners.

Under Article 1 - On motion of Wallace Yardley, seconded by Louise Wright, Barry Yardley was nominated as Commissioner of the Precinct for three years and the other of office was administered.

On motion of Barry Yardley, seconded by Caleb Wright, Bob Cornwall was nominated as Commissioner for two years. There being no other nominations, by voice vote Mr. Cornwall was declared duly elected as Commissioner and the oath of office was administered.

On motion of Gus Lerandeau, seconded by Bob Cornwall, Irene Underwood was nominated as Treasurer for the Precinct. There being no other nominations, by voice vote, Irene Underwood was declared duly elected and subsequently took the oath of office.

On motion of Louise Wright, seconded by Bob Cornwall, Mark Lawrence was nominated Secretary for the term of one year. The motion was unanimously carried and Mark Lawrence was duly elected. He subsequently took the oath of office.

On motion of Caleb Wright, seconded by Bob Cornwall, Gus Lerandeau was nominated as Auditor for the term of one year. The motion was unanimously carried and Gus Lerandeau was duly elected. He subsequently took the oath of office.

Under Article 2 - The budget for the year 1987 was read, item by item, and , on motion of Gus Lerandeau, seconded by Louise Wright, it was unanimously voted to accept the budget as read, subject, however, to such future revisions as may be necessary.

On motion of Irene Underwood, seconded by Barry Yardley, there being no opposition, it was unanimously voted to raise by taxation on the property of the Precinct, to defray expenses of carrying on the Precinct business, the sum of \$ 33,909.00 subject, however, to State approval, and further, to authorize the Clerk to certify this vote to the Town of Swanzev.

Under Article 3 - On motion of Gus Lerandeau, seconded by Wallace Yardley, it was unanimously voted to accept the Article as read, and to authorize the Commissioners to borrow such sums of money as may be necessary for the ensuing year in anticipation of taxes.

Under Article 4 - There being no further business to come before the meeting, on motion of Barry Yardley, seconded by Wallace Yardley, it was unanimously voted to adjourn.

Adjournment 8:00 p.m.

A true record Attest: *A.C. Lerandeau, Secretary*
